

1 Bay Modular Building With Toilets & Kitchen

All panels can be modified and moved to suit your requirements.

Modern yet functional space, ideal for a wide range of uses.

Different colour options are available on special order.

Our 1 bay sanitary unit is the perfect addition to any open plan space. All LCS' buildings come with double the amount of cross floor members as standard, giving you extra durability when needed.

LCS offer a turnkey solution when it comes to modular buildings, giving you the option to have as much or as least input as you require.

- Double floor cross members
- 60mm Polyurethane Foam Insulation with steel cladding (walls)
- 100mm mineral wool insulation (roof)
- 60mm mineral wool insulation with cement bound chipboard (floor)
- Vinyl laid flooring
- 3 no sanitary windows
- 1 no 2kw convection heater
- 2 no frost monitor heaters
- 2 double plug sockets
- Fitted Kitchen with undercounter water heater
- 2 no toilets with pedestal sinks
- In light grey (RAL7035)
*more colours available on special order

LCS Modular Buildings

LCS is an integral part of a larger business ecosystem owned by the Leavesley Group. We specialise in selling and renting modular buildings suitable for a broad range of applications.

Our company was formed in the 1970's and was originally involved in the freight shipping business, operating out of its original location between Derby and Birmingham.

Today, one of our core areas of expertise is selling and hiring modular buildings. We specialise in developing buildings for a range of industries, from education and healthcare to office buildings and retail outlets.

Vinyl laid flooring.

2 toilets included

2 double plug sockets.

2kw convection heater included.
